**Check Out List of CS Workshops for Summer
and Fall 2023 on Rose-Hulman Campus**

Hey, K-12 Indiana Educators! Show them you're worth the investment by participating in FREE workshops on integrating computer science principles into the classroom. Grant was written by a former K-12 educator with current K-12 educators in mind. Sign-up to attend one or all 14 workshops being offered. We have over 200+ seats – let's fill them up and prove that we're a great return on their investment.
